

**We are pleased to have established a relationship with Impact Academy:**

Impact Academy was the first national training provider to deliver the Junior Energy Manager Level 3 Apprenticeship. They work with some of the UK's biggest companies and local governments to enable them to meet their commitments to the Government's 2030 and 2050 sustainability agenda, they strive to provide training to develop talent for a greener future. But whilst Energy Apprenticeships are the core of their business, they also offer qualifications in the Digital, Management, Housing and Business sectors too.

Their goal is to be known as the number one training provider in England for Impact (Environmental, Social and Governance), but their Impact goes beyond just education and training! They have set out a clear strategy to:

- Raise awareness of the importance of training a workforce on sustainability and energy, enabling businesses to manage risks and costs effectively
- Lobby government to make sustainability and energy efficiency a mandatory element of all training and Apprenticeship programmes
- Promote the positive influence our programmes are having on individuals and organisations and quantify the economic and social impacts
- Become the first training provider in the country to gain accreditation for social impact and promote the value of this within adult education
- Work with partners to develop a additional sustainability and energy related programmes aligned to the needs of businesses
- Embrace the use of technology in the delivery of education and challenge negative perceptions related to the quality, cost and impact
- Participate in sector lead consultations and pilots relating to a more sustainable approach to the delivery of education and training

We have been asked by our clients to seek out companies looking to enrol existing employees on a selection of training courses offered in five key sectors:

1. Digital Marketing & Social Media
2. Green Energy & Sustainability
3. Business Management & Administration
4. Teaching & Skills Learning
5. Housing & Property Management

The courses typically last between 12 and 18 months

Qualification Levels are from Level 3 up to Level 6

If your company is looking to invest in its workforce, then Impact Academy can help.

If your company would like to source an employee to enrol on a course, then Jobs4teens can help.

Contact us today to discuss any aspect of employee training:
